GI LOFT

Semplice ma raffinato il design della nostra collezione Lighting GI-Loft. Perfettamente in linea con l'attuale tendenza del vintage industriale e dello stile minimal moderno, questa collezione è molto più che semplicemente "illuminazione". GI-Loft è un vero stile di vita, che consente di personalizzare tutte le lampade grazie alle infinite possibilità di combinazione di materiali e colori.

Il nostro cavo rivestito di seta gioca un ruolo chiave in GI-Loft, mentre l'utilizzo di stecche e tubi in ottone con finiture e lavorazioni accuratamente selezionate completano l'offerta della nostra gamma, permettendo di esprimere al massimo il carattere ed il gusto di ogni persona.

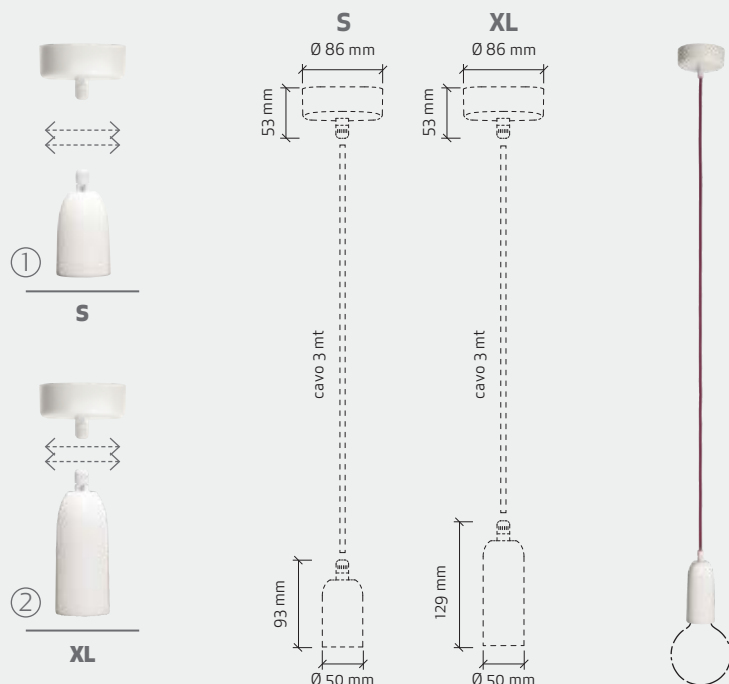

Simple but refined the design of our Lighting collection GI-Loft. Perfectly matching with the current trend of industrial vintage and modern furnishing, this collection is much more than simply "lighting". GI-Loft is a real lifestyle, permitting to customize all lamps thanks to the infinite possibilities of combination. Our silk covered wire is not the only important material used for this collection, but plays a leading role in GI-Loft. Whether it be simple wire, combined with tubes or brass sticks with particular and carefully selected finishes, all represent an attraction for the market. Express yourself thanks to GI-Loft by GI Gambarelli.
